Dear Parents/Guardians

Year 7, 8, 9, 12 – Reuse Initiative – May 2024

Eco Club is pleased to announce a new initiative to reduce waste as your child moves up a year and into their next stage of education.

We'd like to collect and recycle your child's old exercise books, blazers and other uniform (including sports kit).

Please give us any exercise books with large numbers of blank pages (at least 30+ pages) left over at the end, so we may reuse them. We'd encourage you to check with subject teachers to ensure your books can be recycled and are not necessary for future assessment or revision.

Blazers and other uniform will be given to Inclusion, providing backups for students without blazers or appropriate uniform.

For now, we ask that you keep hold of your child's belongings.

Passing these materials back to us is a convenient way for you to give back to your school community, to support those with greater financial need, to protect the environment and to save you the hassle of online resale. We would be incredibly grateful for any and all things you could spare.

We'll gladly take whatever you can give off your hands.

Students from all years can drop off their unwanted belongings to F11 after school. We will accept donations from July to the end of September.

We are incredibly grateful for everyone's incredible support of sustainability initiatives within the school. Over the last year, we've made incredible strides towards a sustainable future for our school and its students, and we absolutely owe it to your support.

As a cheeky gift in return, we will have some of our team go through Lost Property to try and get all belongings back to their owners. A step to reducing consumption is making it easier to keep the same belongings, and we'd be pleased to help you with that too!

If you have any questions, please do not hesitate to contact me.

Yours Sincerely

Ms K Terry
Head of KS4 English
Eco Clubs Leader
