Dear Parent/Guardian

How to Support Your Child in Education

Have you found yourself asking one of these questions to your children and had very little response? Have you been asked to help with homework and felt unsure which resources to use?

To help you support your child as they progress through Secondary Education, we have created a range of documents, which will provide guidance and links to resources for every key stage and subject:

The links below will take you to these key documents on our website, they are organised by Key Stages which are as follows:

- KS5 – Years 12 and 13
- KS4 – Years 9, 10 and 11
- KS3 – Years 7 and 8

We also include a recorded guide to assist you in navigating to the following areas of our website. [Click here to view this helpful guide.](#)

1. [Curriculum booklet](#)
This has everything you need in one place and includes information about **subject content, assessment, enrichment opportunities, extended study information, recommended equipment and subject contacts.**
2. [Homework information](#)
This includes suggestions of what **type of homework activities** to expect in each subject.
3. [How can parents support their children?](#)
This includes subject-specific suggestions of ways **you can be involved in your child's learning, online resources**, which may help your child and **recommended textbooks and revision guides** for most subjects.

Please let us know if there is anything else that would help you support and guide your child at home. We will do our best to include this in the next annual update.

If you have any queries or helpful suggestions, please contact mesoffice@maidenerleghtrust.org in the first instance and label your communication "curriculum booklets".

Yours sincerely

Mrs A Morgan
Deputy Headteacher
