## HOW TO SUPPORT YOUR CHILD

### Maiden Erleigh School's Learning Journey

"Success is a journey, not a destination." - Arthur Ashe (1943-93), Tennis champion.

All students are on a learning journey which they will continue all the way through their adult lives. For most of our students, Maiden Erleigh School will accompany them for seven years of that journey.

In order that that journey is stimulating, enjoyable and successful for all our students we ensure that:

- students have access to curriculum pathways and a broad range of courses appropriate to their strengths, needs and aspirations
- students are taught using a wide range of techniques and resources which promote deep learning and understanding
- students develop a range of skills and learning habits so that they can manage their own learning as much as possible
- students are both supported and challenged where necessary
- students and parents know and understand their end of key stage performance targets
- students and parents know and understand what they need to do to ensure students make strong progress towards their targets
