24 January 2025

Dear Parent/Guardian

Year 10 – Pre-Public Examinations (PPE) 2025

The Year 10 PPEs are fast approaching. They are due to begin on Monday 10 February and will finish on Friday 14 February. All students will be given a copy of their PPE timetable electronically via the **Bromcom Student Portal app and via their google classroom email.**

It is very important that they look after this document, as this will give them their seat number and the venue that they need to be sat in for each of their examinations.

For the duration of the PPEs (10-14 February), there will be an AM and PM exam on each day.

On Friday 14 February some exams may finish before the end of the school day, where this is the case students will be dismissed to study at home.

If you feel that your son/daughter is not ready for home study at the end of the school day, please contact me via the school office so I can make alternative arrangements with you.

Our experience over the last few years has shown that students benefit greatly from taking examination papers in examination conditions. If this experience is followed up by structured feedback on their performance, guidance on revision work and the chance to improve any papers where they have not done as well as expected, then the impact on their grade is significant.

For the purposes of PPEs, we compare results with benchmarks. This is because the benchmarks are the outcome suggested by a student's starting point. Where a student has a higher target, they should aim for that as this will ensure they perform significantly better than expected. If their target is lower than their benchmark, and they achieve the target but not the benchmark, we will review the target with them to ensure that it is sufficiently challenging.

Revision

To help you support your son/daughter to prepare for their upcoming PPEs please find below a copy of topics each subjects PPE will focus on alongside signposts to where revision materials for that subject can be found.

If you have any questions or concerns about the upcoming PPE's or need further guidance on revision strategies, please contact the respective subject teachers or the pastoral team.

Yours Sincerely

Miss E Kelly
Head of Year 10

Aim High

Be Inclusive

Work Together

	Topics covered in PPE	Revision resources
Art	Students will be completing Art work connected to the GCSE Criteria and connected to their new Art project. It will include Artists research, taking their own high quality photographs and creating a piece of their own Art work. Work will be mounted on A1 sheets.
