Dear Parent/Guardian

Class Charts and Homework

I am writing to inform you about an important update regarding homework for our students in Year 7-11.

This academic year, **all homework/homework notifications will be set on Class Charts**. This means that all students can see their upcoming homework tasks in one place. If a student is having any access issues with Class Charts, please ask them to speak to their tutor who can re-issue their access code.

One of the benefits of Class Charts, is that as parents/guardians, you can also check what homework has been set and when it is due directly through the Class Charts app/website. This should make it easier for you to support your child in keeping track of their homework and deadlines.

Please note that while homework will be recorded and monitored on Class Charts, we will continue to use **Google Classroom** as a platform to support learning. Teachers use Google Classroom to post lesson and homework resources, revision materials and guidance.

We are confident that this change will support students in managing homework expectations and provide you with more consistent access to information. As a parent/guardian, if you have any issues accessing class charts, please email mesoffice@maidenerleghtrust.org and we will resend your access code and access instructions.

Thank you for your continued support in helping our students develop good learning habits.

Yours sincerely

Mrs A Morgan
Deputy Headteacher
