Parent Teacher Association (PTA) Consent to Share Information

Your child's school works closely with our Parent Teacher Association (PTA), which plays a vital role in supporting school events, activities, and fundraising initiatives.

We require your consent to forward information from the PTA about events and communications to you on their behalf.

Please confirm your agreement by indicating your consent to the statement below:

- **I am happy for the school to use my contact details to contact me about the PTA's fundraising activities.**

Your consent is entirely optional, and your details will only be used for PTA-related communication.

Thank you for your continued support.

If you have any questions or need assistance, please contact your child's school.
