Dear Parent/Guardian

Years 7 and 8 - Pedestrian Road Safety Theatre Presentation

We would like to inform you that students in Years 7 and 8 will be participating in a pedestrian road safety theatre presentation called Streetwise.

The presentation will take place on **Wednesday 7 October 2026** and will be delivered during the school day:

- Year 7: Period 1
- Year 8: Period 2

Students should register with their tutor group underneath the covered way at the start of their allocated session.

Streetwise is an engaging and interactive performance designed to educate young people about staying safe when using roads as pedestrians. The event aims to:

- Raise awareness of the dangers of distractions when using the road system, particularly when travelling familiar routes and using mobile phones, headphones, or engaging in horseplay with friends.
- Help students identify risks they may take around roads and understand the potential consequences, including crossing in front of or behind school buses.
- Develop practical strategies to resist peer pressure and make safer choices around roads.
- Encourage the use of designated crossing points, such as school crossing patrols, zebra crossings, and pedestrian light-controlled crossings.
- Increase students' knowledge and confidence in staying safe when using roads.
- Promote positive attitudes and behaviours towards road safety, particularly on everyday journeys such as travelling to and from school.

We are pleased to be able to offer this important learning opportunity, which will reinforce key road safety messages and help students develop lifelong skills for keeping themselves safe.

If you have any questions regarding the presentation, please do contact us via the school office mesoffice@maidenerleghtrust.org

Yours sincerely

Miss E Kelly
Head of Year 7

Miss E Avery
Head of Year 8
